- Uso de Rating

Se utiliza para que los usuarios decidan el contenido de mejor calidad.

Rate Content design pattern

Let users rate content in order to democratically help decide what is of higher quality. User ratings act as a mechanism to handle risk for your users: is something worthwhile to spend time or money on?

Example

- Uso de favoritos

El usuario selecciona recetas para su uso posterior.

Favorites design pattern

The user wants to pick out items for later consumption Use to enable users to differentiate between large amounts of content items. Do not use favorites to pick out multiple categories - use tags
